Knights of Darkness. Mize

Chapter 1 Surprise

Into battle 110 battalion! We must defeat them ! Fighters go ahead! Don't let them beat us!... This battle was not easy. There are a lot of losses. We are flying to the base... Mayz Inkrald (General of all battalions) calls you. Inkrald himself? Strange. I'll go well, I wonder why he needs me?.. Did you call the General? Yes, Mize. I am very pleased with your victory in the battle on the planet Ginza. Thank you General, I try never to disappoint you. You behaved very well in the battle and led the battalion to victory. In this battle, your battalion suffered the least losses. I decided to create a trial, the best battalion. You've probably heard of him. Battalion forty-one? Yes, this one. I want to include the best fighters, engineers, pilots and so on in it. Good idea! I have already started creating it and there are already some soldiers there. And I'm going to add you to this battalion! Come on, General, I'm not worthy of such reverence! I just won one of the fights. Mize, you didn't just win, but led to victory without much loss. This is very much appreciated here. So pack up! Thank you General, I will try to meet your expectations! And where is my future cabin? Come on, I'll show it to you. Good.

Chapter 2 Introduction

Here's your cabin. Get settled! Good General! Oh, a good one,

better than my battalion had before, Mize said in his thoughts. So, who's in charge here? Me, my name is Sures. Good. My name is Mize. Very pleasant. I have to go to the general to ask for something, Mize said in his thoughts... General, can I come to you? Yes, Mize, come in. Why did you come? I wanted to ask you. About what? I have a friend, a very good pilot engineer. You mean Wolfe? Yes. I've heard of him. And what do you want to ask for. Could you add him to the forty-first battalion? I've been thinking about it. Well, since you're asking, then I'll add. Thank you General! It's my pleasure.

Chapter 3 Wolf

Llc... Wolfe... greetings to you! How are you? Mize is fine. I've made friends with Syves, Fils and Rayner here. Meet me!.. Nice cabin," Wolfe said. Yes, yes. That's for sure... a few weeks later, the forty-one battalion was divided into detachments and the guys got the first number of the detachment ...

Chapter 4 After a few years

Mize is calling for you, General Jensf! He conveyed that it was urgent! Good Sures! It's strange what the new general needs from him, Mize said in his thoughts. Suresh, do you know why he called me? No. Okay, I'll go and find out... Was the general called? Yes, Mize, I have one mission for you. Which one? You probably won't approve of her the first time. What mission? Kill all your friends from the squad. No, what are you talking about. I'm creating an empire and I don't need a biomusor among the military. With a blaster platoon, Mize said: you are declared a

traitor general. Let's see who is declared treason. I was attacked by all posts! Shoot to kill the enemy. You are understood. You could gain honor in the new empire, but you will gain death. At the time of the announcement, Mize's friends learned that he was in danger of death and began to run to the general's cabin. Mize, we're going to save you. let's run. I'm already barely fighting them off here, thanks guys... let's run... I'll tell you what happened later. We run to the aircraft hangar. Where is our shuttle. There he is! We climb in. Take off!.. We need to get away from the chase. Mize, tell me what happened to you? The general told me to kill you, and I accused him of treason! And that's why he decided to kill me... Ay we were hit...

An additional chapter

(the shuttle of the Knights of Darkness) (additional chapter, the shuttle of the Knights of Darkness was invented ten years before the events taking place in this book. At that time it was the best shuttle. They decided to hand him over to General Inkrald. And the general himself handed it over to his familiar fighter and adviser Mize. After a while, he became listed as a shuttle of the first detachment of the forty-first battalion.)

Events take place from the fifth to the zero year before the order. An additional chapter takes place 12 years before the order.

The end

I hope that you liked this book, as for me it is an excellent

continuation of the Knights of Darkness line of books. Offer your ideas for the Knights of Darkness book series and perhaps it is your idea that will become the basis for future books in this series.
